Artist Name (As it should appear on Record Label and Jacket Sticker) :

Song Title (As it should appear on Record Label and Jacket Sticker) :

ALL RECORD STORE DAY RECORDS WILL BE SHIPPED IN THEIR ENTIRETY TO THE PARTICIPATING STORES.

Your order will not be processed if you fail to send the correct payment along with your CD. Your CD should only contain the song being submitted.

We are producing 10,000 Record Store Day records on randomly mixed color 12" vinyl which will be shipped to 300 of the coolest records stores around the country to use as premium items on Record Store Day, April 19th, 2008. Show your support for the independent music retail community while generating lots of attention for your music!

Terms :

Each spot is being offered in 3:30 second increments with a premium being placed on the first song from each side. Due to the variables in the mixing of each of the submissions we can't guarantee the continuity from track to track in regards to volume or sound quality. Test pressings will be sent to the heads of the AIMS, CIMS & Music Monitor Network coalitions to be approved before sending into production. Record submissions, copyright compliance forms and payment in full must be received by March 14th, 2008. All audio submissions are subject to content review by United's copyright compliance department. Proof of licensing may be requested for any submissions containing samples or cover songs. In the event that submissions are greater than the amount of space available on a record we will chose based on first come first served or possibly make the record a double LP. You will be notified by March 17th as to the status of the project, in the event that response is not enough to cover the costs of the records your money will be refunded in full. All payment must be made in the form of money order or credit card. A 5% surcharge will be assessed for credit card orders. These prices include all costs associated with this project, sequencing, lacquer mastering, plating, the vinyl, the jackets, the labels, logo and track list stickers on all 10,000 records and the shipping. All submissions must be mailed in on a CD, preferably with the desired track as the only song on the CD. In the event that multiple songs are on the CD make sure that the track you want included is clearly marked. The artists name and the song title should also appear on the CD and case spelled out in the way you'd like it to appear on the record labels and stickers.

Added Feature :

As an added feature to this project, a marketing page will be created to promote your artist. This page will then be shared with the participating stores to post on their websites at their discretion. In addition to promoting your artist and creating demand for this record, consumers will be informed that the only way to get this record is to get it free with the purchase of any new LP from the participating stores beginning on Record Store Day. Our goal is create a demand for this record and thus your artist while getting people lined up at the stores to get one. Additionally, we think this will get your music into the hands of 10,000 vinyl listening tastemakers who still take the time to sit down and enjoy a good record.

There are two ways you can get this information to us.
